DO NOT store or load with: n/a

Segregate from: n/a

## EMERGENCY PROCEDURES FOR EMERGENCY ADVICE CALL (0508) 299299

### IF THIS HAPPENS

### DO THIS

<b>Tanker/Vehicle Accident</b>	Switch off engine and electrical equipment. Keep people away, warn other traffic. Call the emergency services on 111.
<b>Spill or leak</b>	Use appropriate protective clothing and equipment. Large spills: dike and pump as much as possible to a salvage container. Absorb remaining liquid and any smaller spills with clay, sand or other absorbent material and sweep to a waste container. Cover the spill area with water and absorb residue. Spills may be slippery and should be cleaned up promptly. Prevent runoff reaching drains. Refer to the product label or local authority for waste disposal advice.
<b>Fire</b>	Call the Fire Service on 111. Heating may cause expansion/decomposition leading to rupture of containers. If safe to do so, remove containers from path of fire. Cool heated containers with water spray. Vapours of heated material may be toxic. Use self-contained breathing apparatus. Fire Fighting Instructions: Use water spray, fog, dry chemical foam or CO2. Note that addition of water may cause excessive foaming. Do not allow contaminated extinguisher runoff to enter drains.

## FIRST AID

<b>If swallowed</b>	DO NOT induce vomiting. For advice contact a doctor or the National Poisons Centre on 0800 POISON (0800 764766).
<b>If in eyes</b>	Hold eyelids apart and flush continuously with running water for at least 15 minutes. Get medical attention.
<b>If on skin</b>	Remove contaminated clothing, flush skin with running water. Do not scrub skin.
<b>If inhaled</b>	Ill-effects are unlikely. Remove affected person to fresh air. Get medical attention for any symptoms that develop.

## HAZARDOUS GOODS DECLARATION

Number and type of packages:	Gross Weight	Volume:
Consignor:	Consignee:	

**Dangerous Goods Declaration:** I hereby declare that the contents of the consignment are accurately described above by the proper shipping name and are classified, packaged and identified according to the national rules, regulations and legislation applicable to the transport of this substance.
