

SPRAY DRIFT WARNING

BEWARE: APPLY THIS PRODUCT CAREFULLY. SPRAY DRIFT MAY CAUSE SERIOUS DAMAGE TO OTHER DESIRABLE PLANTS.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN.

May cause irritation to the eyes, nose, throat and skin. Store in the original container, out of direct sunlight and away from foodstuffs and drinks. Avoid breathing dust or spray mist. Avoid contact with the skin, eyes and clothing. Remove protective clothing, and wash hands and face after work and before meals. Do not eat, drink or smoke while using this product. Do not reuse the container. Triple rinse empty container and add residue to spray tank. Burn rinsed empty container if conditions, especially wind direction, permit, otherwise bury in a suitable landfill. Avoid contamination of any water supply with chemical or empty container.

FIRST AID

In case of contact with eyes or skin, rinse with running water for 15 minutes. Seek medical attention if required. If ingested, the product is not likely to be hazardous. However, seek medical attention if required.

General Information

Rainbow & Brown MSF 600 is a dry flowable granule designed to be mixed with water and applied as a foliar spray. MSF 600 controls gorse and other scrub weeds in pasture and waste areas. It is rapidly absorbed through the foliage and translocated throughout the plant, which results in a slow deterioration in plant health, and finally kills the plant. Best results are obtained following application from late spring to late autumn.

Plant Species Controlled

MSF 600 controls gorse, blackberry, ragwort, and many other scrub weeds. Refer to the DETAILED USE DIRECTIONS BOOKLET for full details.

Resistant Plant Species

MSF 600 does not control boxthorn, browntop, cocksfoot, couch, Indian doab, kikuyu, black nightshade, woolly nightshade, pampas grass and paspalum.

Shelf Life

When stored appropriately, this product should show no significant degradation for 2 years from the date of manufacture. Contact Rainbow & Brown for further information about the use of any product that is older than this.

ECOTOXIC SUBSTANCE

Very Toxic to Plants and to the Aquatic Environment

Rainbow & Brown

MSF600

HERBICIDE

500g net

FOR CONTROL OF GORSE AND OTHER SCRUB WEEDS IN PASTURE AND WASTE AREAS.

Active Ingredient:

Contains 600g/kg metsulfuron-methyl in the form of a water dispersible granule.

Registered pursuant to the Agricultural Compounds
and Veterinary Medicines Act 1997, Number P07027
